Vacation Destination Contemporary home with European touches in private, gated community. Tastefully-done home, with three bedrooms and three bathrooms, built in 2004, has many impeccable assets. Brilliant, natural light is abundant through tall windows and glass doors on the west side providing marvelous, ocean views. Open, but covered decks with a hot tub, provide options for sun worship and star gazing. Downstairs is a large, open floor plan while upstairs awaits a great playroom and bath. There are large, walk-in closets, an exquisite, tiled bath, and a big, finished garage. This is a well kept home, previously used as a vacation rental, which is ready for new life.
