WESTPORT

ONE OF THE LOWEST PRICED OCEANFRONTS ON THE COAST!

Rare oceanfront single level home in the town of Westport. This is the least expensive oceanfront on the market. The owner, a quality-minded contractor has just completed a beautiful stone fireplace in the living room and has done extensive re-modeling including new insulation, sheetrock, electrical, plumbing, foundation work, new windows and doors. And the work continues on this oceanfront diamond in the rough. This home is connected to the City of Westport sewer and water. Enjoy the sound of the surf, expansive sunsets and the night sky from the hot tub behind the glass enclosed deck.
